Company Profile

As a leading supplier in the low voltage electrics industry, Shanghai Ebasee Electric Co., Ltd. products have been used for residential, commercial and industrial applications with its quality and service. EBASSEE brand is recognized for its quality and reliability in an ever-increasing number of markets worldwide. So far EBASSEE products have gained many international approvals, such as **TUV, KEMA, CB, SEMKO, RoHS, CE, and CCC** etc.

With quality raw materials and components supply, all products are manufactured to EBASSEE's defined specifications. We have 4 semi-auto production lines, up to date quality control facilities, and well-trained skillful workers. Moreover, with a technical R & D team and fully equipped in-house laboratory, EBASSEE factory can carry out efficient new products developing and daily production QC as well.

EBASSEE have wide range cooperations with world leading companies in new products developing or OEM, ODM cooperation. Meanwhile we also process industry cooperation on intelligent home products, and work with some university such as Xi'an Jiao Tong University on project solutions. EBASSEE is focused on achieving growth through the growth and success of its worldwide partners.

EBASSEE, guided by the "market-oriented" philosophy, powered with the "Quick response and flexible supply" capability, can support our worldwide partners to compete against established global players to deliver the most comprehensive and cost-effective products and service in the market.

"Smart life, Green EBASSEE"

EBS9D

Indicating Light

Application

EBS9D Modular Indicating Light is applicable to circuit with rated voltage 230V~ and frequency 50/60Hz for visual indication and signaling.

Function

Low service duration, minimum power consumption
Compact design in modular size
Easy installation

Nomenclature

EBS 9D - N 1

Technical Parameter

| | |
|-----------------------|----------------------------------------------|
| Rated voltage | 230V AC 50/60Hz |
| Depressurization type | resistance type, resistance-capacitance type |
| Colour | red, green, yellow |
| Max power | 0.6W |
| Illumination | LED |
| Service duration | 30,000 hours |
| Light brightness | ≥100cd/m ² |
| Connection capacity | rigid conductor 10mm ² |
| Pollution grade | 3 |

Dimensions

Order Note

| Following items should be marked when ordering | Ordering sample |
|------------------------------------------------|----------------------------------------------------------------|
| Product name and model | To order EBS9D Indicating Light, Led type and green color, the |
| Lighting source and lamp shade color | quantity 100 pieces, should be marked: |
| Quantity | Indicator EBS9D-L2, 100PCS |
